? How to Play

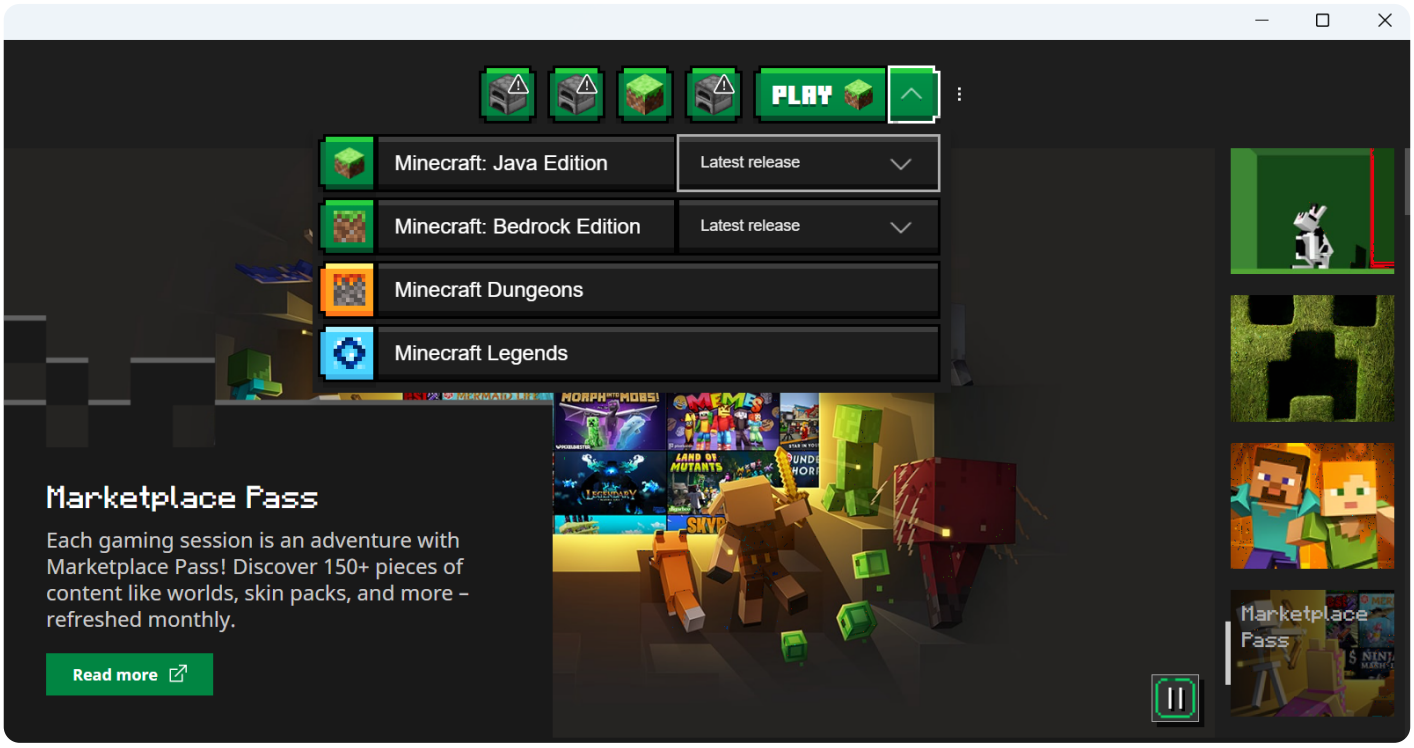

play.mineseed.org

Interested in playing on Mineseed but not sure how? Follow the instructions below!

If you have a Java account...

Step 1: Open Minecraft and click play game.

Open Minecraft and change your game version to 1.21.11 for best performance (but the server is compatible on the latest release as well!)

Step 2: Click on Multiplayer

Step 3: Click on Add Server

Step 4: Add the Server and enable the resource pack

Server Name: Mineseed (or whatever you want to put here!)

Server Address: play.mineseed.org

Click Done

Step 5: Press play and join in!
