Meet Our Staff

/warp staff

Mineseed is very lucky to have a great staff team made up of our own players who graciously volunteer their time to keep the server running!

IGN (in game name)	Staff Role	Fun Fact
RickyLaFleur	Owner	The man, the myth, the legend.
estherium	Senior Admin	Might have a minor duck obsession. Quack!
sportchek	Senior Admin	Collects pets, like a cat and two frogs (Cass and Dean), and a fiancé. Wait... I don't think the last one is a pet!
PFP_Freapz	Admin	aka: PFP_CHEATS ? One of the most winningest game winners of our /events (He really doesn't cheat. That's against the /rules).

IGN (in game name)	Staff Role	Fun Fact
Green_Sprouts	Admin	Is he green or a sprout, a vegetable or a plant? The only thing we truly know about him, is that he has too many dogs.
DoritoRico	Senior Moderator	Dorito is a butterfly whisperer and has a Monarch butterfly way station in her backyard. Likes: being in nature (hiking, camping, etc.) Dislikes: pringles.
Chloelee1231	Senior Moderator	Watch out for Chloe's big forehead... The biggest one in mineseed, it's known to house her unending patience!
Gotcha_Redbeast	Senior Moderator	Quaso is her calling card, animals are her passion, and anime is something she loves to watch for fun!
GrimAshborn	Senior Moderator	When not keeping his title as the server's foremost fishing aficionado, Grim can be found tinkering with redstone or watching anime.
Crafty_Wyle	Moderator	From flying his own airplane almost cross country at 18 to building and taking apart vending machines in his sleep, is there anything Wyle can't do?
angelshang	Moderator	In addition to loving animals and fun facts about them, Angel can be found sometimes sketching them (and other things!)
Wr0nnia	Moderator	Her skills go beyond just being an amazing builder in mineseed... Wr0nnia also is an amazing artist IRL!
SkyLiarLee	Moderator	When Skye isn't building or grinding for souls in Mineseed, she can be found playing with her dogs or looking for new crystals for her collection!
Nienkenhx	Moderator	Nienkenhx is an animal lover who is studying to become a vet. In her free time, she loves to bake as well!
Trucker_Blue	Helper	Trucker satisfies his wanderlust as an IRL truck driver. His time zone changes on a regular basis, depending on where his transport takes him. When he's not driving, he enjoys playing Santa to the unsuspecting Mineseedling, just to see their excited reactions!

IGN (in game name)	Staff Role	Fun Fact
thepenpenmc	Helper	Penny is a self declared huge nerd who loves disney, Star Wars, anime, and more. She has fifty different hobbies including crochet, which is her favorite!
