Lottery

/lottery

Take chances with our lottery, with drawings every 2 hours!

Each ticket costs $1,000, and per pot, you can buy up to 15 tickets (total of $15,000 every 2 hours for 15 tickets).

Buy tickets by visiting /lottery or by doing /lottery buy 1-15.

The /lottery window looks like this:

Icon	What it does
glowstone dust	State - Shows whether a round is in progress or not - Shows time left before the next drawing - Shows the size of the pot, how many tickets are in the pot, and how many tickets you personally have in the pot
emerald	Ticket Store - You can buy up to 10 tickets per pot - One ticket costs $1,000 in game money - Left click to buy less than 10 tickets (opens a new window) - Right click to instantly buy 10 tickets
ladder	Statistics - Left click to see your statistics (# of rounds you participated in and won, total cash won, last round won amount, highest won cash amount, total number of tickets purchased and money spent) - Right click to see the server's statistics (last round, biggest expenditure, highest won, luckiest person, most active person)

May the odds be in your favor!
