? Marriage

Best wishes and congratulations to you and your internet spouse! You can get married in Mineseed by using the command /marry username (your spouse will need to accept the proposal). That's it!

Once you're married, there are a bunch of commands you can use to enjoy your marriage:

- /marry toggle (turn marriage requests on or off)
- /marry divorce
- /marry hug
- /marry kiss
- /marry gift (NOTE: whatever in your main hand is selected will be gifted to your spouse)
- /marry slap
- /marry highfive
- /marry poke
- /marry facepalm
- /marry bite
- /marry cry

Please remember that Mineseed is a PG, kid-friendly server!
