?? Store

/store | store.mineseed.org

Mineseed is a free to play server, where almost everything in the store can be purchased in the game with player money (instead of real money). However, many of our players like purchase things from the store to donate to our maintenance and server running costs.

Visit the store at store.mineseed.org.

You can buy ranks, or rank upgrades, crate keys, cosmetics to spruce up your avatar, extra claim blocks to expand your base(s), and more! All store-bought ranks are permanent ranks that will stay with your account, even if there is ever a full server reset (but we do not plan on doing this!).
