Weekly Challenge

/weeklychallenge | /wc

Complete weekly challenges with other members of the community to win prizes! Go to /weeklychallenge (or /wc) to learn more.

Each week, a new challenge starts at Monday at 12 AM ET. The challenge will be related to a task that needs to be completed in Mineseed. The goal is to work with the Mineseed community to finish the challenge.

If the challenge is completed, everyone who participated--even if you only do the challenge activity 1 time, will get $10,000!!!

Additional rewards are given to the 1st, 2nd, and 3rd place winners:

- 1st Place: $300K and a random key voucher to /warp crates
- 2nd Place: $200K and a random key voucher to /warp crates
- 3rd Place: $100K and 5K claim blocks

To see the current week's challenge, hover on the gold block. The menu screen will show the server's progress (in this example, the server has mined 33,953 obsidian out of the 80,000 goal). It will also show the time remaining to goal, the top 3 contenders, and your score.

To claim the previous week's reward, click the diamond to claim the reward. For the top two winners, the key voucher is added directly to your inventory, so make sure you have at least 1 blank spot before you claim.
